

# Voices (Live at Red Rocks)

## Disturbed

So, are you breathin'?  
 So, are you breathin'?  
 No, no are you breathin'?  
 So are you breathin', no? Wake up are you alive  
 Will you listen to me  
 I'm gonna talk about some freaky shit now  
 Someone is gonna die when you listen to me  
 Let the living die, let the living die Say, wake up are you alive  
 Will you listen to me  
 I'm gonna talk about some freaky shit now  
 Someone is gonna die when you listen to me  
 Let the living die, let the living die Say, are you breathing now  
 Do the wicked see you  
 You still breathing  
 You're making me known  
 Are you breathing now  
 Do the wicked see you  
 You still breathing So, what's up  
 I wonder why do you listen to me  
 I'm gonna make you do some freaky shit now  
 Insane, your gonna die when you listen to me  
 Let the living die, let the living die, say Say, so, what's up  
 I wonder why do you listen to me  
 I'm gonna make you do some freaky shit now  
 Insane, your gonna die when you listen to me  
 Let the living die, let the living die, say Say, are you breathing now  
 Do the wicked see you  
 You still breathing  
 You're making me known  
 Are you breathing now  
 Do the wicked see you  
 You still breathing So Can't you imagine how good going through this will make you feel?  
 I promise, no one will ever know  
 There will be no chance of you getting caught  
 They never loved you anyway  
 So come on, be a man  
 And do what you are compelled to do Save Me God, God, God, God, God, God, God, God, God, God, God I can  
 hear the voice but I don't want to listen  
 Strap me down and tell me I'll be all right

I can feel the subliminal need to be one  
With the voice and make everything go  
I can hear the voice but I don't want to listen  
Strap me down and tell me I'll be all right  
I can feel the subliminal need to be one with  
The voice and make everything all rightAre you breathing now  
Do the wicked see you  
You still breathing  
You're making me knownAre you breathing now  
Do the wicked see you  
You still breathing  
So  
Are you breathin', no?  
So  
Are you breathin', now, now  
So  
Are you breathin'  
So  
Are you breathin' now
