

# Terms of Endearment

[Raheem DeV Vaughn](#)

It's beautiful like when you heard your first born  
Heard your first born cry  
Like fireworks in the sky  
On the fourth of July  
A term of endearment, cupid hearts and XO's  
Memories like prom night and talking all night  
Late night on the telephone and phone boning  
It's fighting for something, never giving up  
Cooking breakfast for your lady  
Put a Starbucks in her cup  
It's finding that better half  
Someone to cry and laugh with  
Money can't buy this feeling (When you find love, you'll know that it's true)  
And know that it's true, yeah  
(Yeah it'd be nothing you can do about it) Nothing no, no  
(And nowhere to live without it)  
When you find love  
(You know the search is done)  
(It's some kinda wonderful feeling) Yeah!  
Knowing someone loves you It's dropping to one knee and popping the question  
My date on Sunday morning to the church to count blessings  
It's jealousy and breaking up  
Then making love and making up  
It's beautiful like a rainbow in a sky  
When it feels so good  
It's easy to lose track of time  
It's grinding with you husband  
Got you back and you got nothing  
It's the same one that you're even when you're turning into something else (When you find love, you'll know  
that it's true) You'll know that it's true  
And know that it's true  
(There would be nothing you can do about it) Nothing no, no  
(And nowhere to live without it)  
When you find love  
(You'll know the search is done) The search is true  
(It's some kinda wonderful feeling) Some kind of wonderful feeling  
(Knowing someone loves you) When someone loves you, it's wonderful  
When someone loves you, it's beautiful  
When someone loves you, yeah

When someone loves you  
When someone loves you, it's beautiful  
When someone loves you, it's wonderful (Yes, it is)  
It's wonderful (Yes)(When you find love, you'll know that it's true)  
(There would be nothing you can do about it) There would be nothing you can do about it  
And nowhere to live without it  
(When you find love) When you find love (You'll know that your search is done) Your search is true  
(It's some kinda wonderful feeling) Some kind of wonderful feeling  
Knowing someone loves you(When you find love, you'll know that it's true)  
(There would be nothing you can do about it)  
And nowhere to live without it  
(When you find love, you'll know that your search is done) L-O-V-E, love  
It's some kinda wonderful feeling  
Knowing someone loves you (When you find love, you'll know that it's true)  
When you find the love that it's true  
(There would be nothing you can do about it) Nothing that you can do about it  
And nowhere to live without it  
When you find the love, you'll know you search is done
