Gone Gone Goodbye

Three Bad Jacks

She's gone, gone, gone goodbye
She's gone, gone, gone goodbye
She left me with a tear in my eye
She left me with a bleeding heart
She left me with a tear in my eye
She's gone, gone, gone goodbye

Please don't talk about her
'Cus it'd only make me blue
About everything you said about her
All of it was true
She made me feel so bad
Well I feel so bad
She's gone, gone, gone goodbye

Don't tell me all the bad things,
That I know are true
And please don't talk about her,
Because it'd only make me blue
Well, I feel so bad
Well,I feel so bad

She's gone
Had to break
I wish that I could make her hesitate
She's gone
I wanna cry
I wish it wasn't through tonight

She's gone, gone, gone goodbye
She's gone, gone, gone goodbye
She left me with a tear in my eye
She left me with a bleeding heart
She left me with a tear in my eye
She's gone, gone, gone goodbye

Please don't mention her name
It always makes me sad
When we were together
She was the best I ever had

She made me feel so bad
Well I feel so bad

She's gone, gone, gone goodbye
She's gone, gone, gone goodbye
She left me with a tear in my eye
She left me with a bleeding heart
Left me with a tear in my eye
She left me with a bleeding heart
Left me with a tear in my eye
She left me with a bleeding heart
Left me with a tear in my eye
She's gone, gone, gone goodbye
