Angels Holocaust (Remixed & Remastered)

Iced Earth

As I walk through the blackened forest
Thoughts of hate and anger fill my soul
The charred remains of the holy rollers
Scream repentance though it's far too lateI fight back the laughter at what I see
The suffering healers false destined prophecyHe didn't think yesterday of the end of his life
The brainwashed fools born again of a thousand liesHate filled screams break the silence
Terrifying dreams filling up your head
Blasphemy thrusting out, in the masses it reigns
The mask of hypocrisy is slowly unveiledFear the angels holocaust, they're screaming
Dreams of pain forever entering your head
Death and hatred loathing, on mankind it feeds
Earth is dead and gone now, we've brought it to an endFor the last time I've been betrayed
Never again will I subject myself to this hypocrisy
Something is drawing me to the other side
Only time will tell my true destiny
