

Can't Get Away

Rush Of Fools

I am an arrow, I am a rocket
I am a river and nothing can stop it
'Cause You are the target
And You are the atmosphere
You are the ocean that keeps pulling me
You're pulling me here And I can't get away, can't get away
Can't get away, can't get away
I can't get away, can't get away
I keep running into You
I keep running into You I am a beggar, You are the table
I am so helpless, God You are so able
And when I get turned around
You change my direction You're so perfect, I'm so broken, here
You come with arms wide open
Chasing after me down every road
You're always waiting there And I can't get away, can't get away
Can't get away, can't get away
I can't get away, can't get away
I keep running into You
I keep running into You Even when I close my eyes, I can't help but see
There's no place that I can hide
You're such a part of me
I can't get away 'cause I keep running into You
I can't get away And I can't get away, can't get away
Can't get away, can't get away
I can't get away, can't get away
I keep running into You
I keep running into You
