

# Did You Ever Need a Miracle

Greg Coleman

Did you ever need a miracle?

by Greg Coleman

Did you ever need a miracle?  
Like a simple gentle rain,  
To bring water to your thirsty soul,  
In a dry and thirsty land?

Did you ever need to see a smile,  
When your day has started wrong?  
If you ever need a miracle,  
Don't give up, it won't be long.

Did you ever need a miracle?  
Has your heart been filled with pain,  
And has your burden been so hard to bear,  
That you couldn't stand the strain?

God knows how to make a miracle,  
When the answer isn't there,  
He lifts the burden, takes away the pain,  
As we talk to Him in prayer.

You see, the answer's not so far away,  
No, it comes from up above,  
For sometimes you are the miracle—  
Show the world the Father's love.

Now do you need a miracle?  
Is your [covered need?] in pain?  
And the reposessor's at the door,  
Looked in your account, and nothing's there.

But the Savior's standing at your side,  
With creation in His hands.  
Out of nothing, He makes a miracle,  
Because He's God, the Great I AM!

You see, the answer's not so far away,

For it comes from up above,  
For Christ Jesus is the miracle,  
To show the world the Father's love.

You see, the answer's not so far away,  
It comes from up above,  
Through the Cross we have the miracle,  
To show the world the Father's love.
