

# Did You Need It

Adam Lambert

So one of us has to go, we know  
One of us, yeah  
Come out, it's time to go  
And was the spotlight  
Up above you  
Shining so bright  
A searchlight, signaling?  
Ahh, yeeaahh.  
And as the storm  
Rolls in a-yea-yeaahhh  
Leave it all within  
I guess there's a first time for everything  
It was the spotlight  
Up above you  
Shining so bright,  
A searchlight, signaling  
Ohh, yeahhh

Now where the hell, does it go?  
And was the road too long?  
It was the spotlight  
Up above you  
Shining so bright  
A searchlight  
Signali-ing  
To bring you home  
Always warning  
You'd found the love of your life.  
Did ya need it, did ya want it?  
Did ya find him?  
Did ya need it?  
And where the hell, did ya, go?  
And was the road, too long?
