Time to die

Time to die

Time to die

Silhouetting, complicating

Whom to dare? I do not care

What is form and exploration

Everything is everywhere

Increase time and spin around it

Ready for another day

Power up and memorize it

Snap the mag and blow away

Time to die

Time to die

Time to die

Pin eyed God, get away

Pin eyed God, here to stay, yeah

Pin eyed God, break on you

Pin eyed God, comin' Through

Reload

Time to die

Time to die

Time to die

I rejecting, back and building

Where you stare I do not care

What is crawling and competing

Everything is everywhere

Deep inside you get around it

Reaching back another day

Jump it up and feel the heat

You snap the mag and blow away
