

# Ice Queen

## 2007 MT - Julia Grima

When leaves have fallen and skies turned to gray  
The night keeps on closing in on the day  
A nightingale sings his song of farewell  
You better hide for her freezing hell  
On cold wings she's coming you better keep moving  
For warmth you'll be longing, nightingale  
Come on just feel it don't you see it?  
You better believe it  
When she embraces your heart turns to stone  
She comes at night when you're all alone  
And when she whispers your blood shall run cold  
You better hide before she finds you  
Whenever she is raging she takes all life away  
Haven't you seen? Haven't you seen?  
The ruins of our world  
Whenever she is raging she takes all life away  
Haven't you seen? Haven't you seen?  
The ruins of our world  
She covers the earth with a breath taking cloak  
The sun awakes and melts it away  
The world now opens it's eyes and sees  
The dawning of a new day  
On cold wings she's coming you better keep moving  
For warmth you'll be longing, nightingale  
Come on just feel it don't you see it?  
You better believe it  
Whenever she is raging she takes life away  
Haven't you seen? Haven't you seen?  
The ruins of our world  
Whenever she is raging she takes life away  
Haven't you seen? Haven't you seen?  
The ruins of our world
