

I Just Wanna Know

Taio Cruz

Baby, talk to me
What's going on
'Cause lately we ain't
Been spendin' time alone
Last night when I touched your hand
You didn't wanna hold
Today no kiss goodbye
Just said you had to go
If you're leavin' me, baby
I just wanna know
I just wanna know
If you're done with me, baby
I just wanna know
I just wanna know
I just wanna know
Yeah, yeah, yeah
Listen, if you care
Something you wanna say
Please don't, don't hold it back
It'll come out someday
I am I'm strong enough
To mend my broken heart
(Oh yeah)
If you say that you and I
Are betta off apart
If you're leavin' me, baby
I just wanna know
I just wanna know
If you're done with me, baby
I just wanna know
I just wanna know
I just wanna know
Strings
Yeah, yeah
Oh yeah, oh yeah
I just wanna know
I wanna know
If you're leavin' me, baby
I just wanna know
I just wanna know
If you're done with me, baby
I just wanna know
I just wanna know
I just wanna know
Yeah
If you're leavin' me, baby
I just wanna know
I just wanna know
If you're done with me, baby
I just wanna know
I just wanna know

I just wanna know
Yeah
