Mine Is in Yours

Mouse on Mars

Live by and die by the use of your voice
Voice of distinction, the power of choice
Yours is inside of me
Mine is in yours
Holding the key to resist
Questions and words which would make it unclear
The story continuous but this time it's guided by

Voice of distinction the power of choice
Yours is inside of me mine is in yours
Holding the key to resist

Live by and die by the use of your voice
Voice of distinction, the power of choice
Yours is inside of me mine is in yours
Holding the key to resist

Questions and words which would make it unclear
The story continuous but this time it's guided by

Yours is inside of me mine is in yours
Holding the key to resist
Questions and words which would make it unclear
The story continuous but this time it's guided by

Live by and die by
Live by and die by the use of your voice
The power
The power of choice
The power of choice
