

Sweet Pandemonium

HIM

Today tomorrow seems so far away and the wait in vain
So safe in the blinding light of love unchained in yesterday's grave
The truth that could set souls free
Is buried within sweet pandemonium
Concealed by disbelief
The riddle stays veiled in sweet pandemonium
Afraid that everything remains unchanged in this fragile dream
Ashamed of the shattered remains of promises made
Drained by the anger and grief
Fazed by the envy and greed
The secret cries for a release
The lucidity hidden deep in sweet pandemonium
