

Necessary Evil

The Dresden Dolls

Let's get lost, fingers burst
It is an ordinary evening, yeah
I am broadcasting are you receiving, yeah Sick, sick sound, all fall down
It is a necessary evil, yeah
Just like highway gas stations and people, yeah I remember the golden days when all this was a mystery
And you could write a letter then or god forbid come visit me And if you find yourself without me?
Can you find yourself without me?
And if you find yourself without me?
Can you find yourself without me? Hey, I'm fine, fine
You say nothing but your tongue is getting blacker all the time
It is a miserable feeling, yeah
Seven on a scale from dead to breathing, yeah I've connected speakers to my suitors at the discotheques
And they don't know the difference are they men or are they Memorex? And if you find yourself without me
If you find yourself without me
C'mon find yourself without me
C'mon, c'mon, c'mon
And take your Listerine, Listerine I remember the golden days when all this was a mystery
And if you write a letter then or god forbid come visit me I remember the golden days when all this was a
mystery
And if you write a letter then or god forbid come visit me And if you find yourself without me
If you find yourself without me
C'mon find yourself without me
C'mon, c'mon, c'mon
And take your Listerine, Listerine, Listerine
