

Normal Love

Quicksand

Incitement to excitement
Go outside get where you're invited
Pass the pain and see the future
Find your trouble, whatever suits ya We like to stay out late
A reoccurring state
Poison arrows in a rush
For the gallows
And away from all suns
I should've seen that coming
From miles away
I should've seen that coming
Oh, you just don't know what it's like
It's just your life Run of the mill
Underfed and over-schooled
Pass the pain, see the future
Find your trouble, find your trouble I should've seen that coming
From miles away
I should've seen that coming
Oh, you just don't know what it's like
I should've seen that coming
From miles away
I should've seen that coming
Oh, you just don't know what it's like
You just don't know what it's like
It's just your life
It's just your life
