

Chasing Echoes

Katelyn Tarver

Like a photo, like a second thought
Always silent, I just think a lot
I still wonder
Am I still stuck in your head, in your head? Like I'm waiting, like I'm strained to feel
I can't understand, I wanted you still
I still wonder
Am I still stuck in your head, in your head? Are you really gone?
Are you moving on?
Tell me, tell me
Where did we go wrong? Are you really gone?
Just singing this song
Will you tell me where did we go wrong?
I can't let go, I can't let go
Now I'm left here chasing echoes Standing frozen in the memory
What you're taking is still lingering
Every promise, every whisperings
In my head, in my head In the shadow of my reverie
A distraction to forget the need
It's the truth to what I could see
In my head, in my head Are you really gone?
Are you moving on?
Tell me, tell me
Where did we go wrong? Are you really gone?
Just singing this song
Will you tell me
Where did we go wrong? I can't let go, I can't let go
Now I'm left here chasing echoes
Chasing echoes, chasing echoes
I can't let go, I can't let go Like a photo, like a second thought
Always silent, I just think a lot
I still wonder
Am I still stuck in your head, in your head Are you really gone?
Are you moving on?
Tell me, tell me
Where did we go wrong? Are you really gone?
Just singing this song
Will you tell me
Where did we go wrong?
Where did we go wrong? I can't let go, I can't let go

Now I'm left here chasing echoes
Left here chasing echoes
I'm left here chasing echoes
