## **Chasing Echoes**

## **Katelyn Tarver**

Like a photo, like a second thought Always silent, I just think a lot I still wonder Am I still stuck in your head, in your head?Like I'm waiting, like I'm strained to feel I can't understand, I wanted you still I still wonder Am I still stuck in your head, in your head? Are you really gone? Are you moving on? Tell me, tell me Where did we go wrong? Are you really gone? Just singing this song Will you tell me where did we go wrong? I can't let go, I can't let go Now I'm left here chasing echoesStanding frozen in the memory What you're taking is still lingering Every promise, every whisperings In my head, in my headIn the shadow of my reverie A distraction to forget the need It's the truth to what I could see In my head, in my headAre you really gone? Are you moving on? Tell me, tell me Where did we go wrong? Are you really gone? Just singing this song Will you tell me Where did we go wrong?I can't let go, I can't let go Now I'm left here chasing echoes Chasing echoes, chasing echoes I can't let go, I can't let goLike a photo, like a second thought Always silent, I just think a lot I still wonder Am I still stuck in your head, in your headAre you really gone? Are you moving on? Tell me, tell me Where did we go wrong? Are you really gone? Just singing this song Will you tell me Where did we go wrong? Where did we go wrong?I can't let go, I can't let go

Now I'm left here chasing echoes Left here chasing echoes I'm left here chasing echoes
