

Head First

[John Waite](#)

Well, the first time that I saw ya
You looked down and out
And I had my doubts about you
But baby, since I've come to know ya
I ain't got no doubts, what it's about
Me and baby, we're going out tonight
She's gonna treat me right
Ooh yeah, me and sugar, we've got it all sewn up
She fills my loving cup, we're going head first
Well, the second time that I saw ya
Man you'd really improved
I was really moved, how I wanted you
I'm knocking at your door to see if you're alone tonight
'Cause I need some more, of what you got
Me and baby, we're going out tonight
She's gonna treat me right
Ooh yeah, me and sugar, we've got it all sewn up
She fills my loving cup, we're going head first
Baby, baby, baby, take me in your arms and love me
'Cause you know what I am anyway
You got me on my knees
I'm gonna say please if you want me
'Cause I want you, so I'm never gonna let you go
Me and baby, we're going out tonight
She's gonna treat me right
Ooh yeah, me and sugar, we've got it all sewn up
She fills my loving cup, we're going head first
Me and baby, we're going out tonight
She's gonna treat me right
Ooh yeah, said me and baby, we've got it all sewn up
She fills my loving cup
Ooh yeah, me and baby, me and baby gonna rock and roll
She fills my loving cup, it's gonna be alright
Me and baby, we're gonna rock and roll
We're gonna rip it up, we're fallin' head first
