Atlas Sound

Any way the bases feel
You will be fine without
Watch as the dust takes down
The victim's mind
Bordering on imperfection's license
Everywhere I look I see a light
That tells me where I am
The day got blown
The day went by so fast
I've been thinking that there is a day
That will not come to pass
And baby you will see
Your light will pass
Oh oh, baby you will see
Oh ooh oh your light will...
Everywhere I look
There is a light
Everywhere I look
There is a light and
There's no pain
Everywhere I look
There is a light
And it will guide the way
