

# Giving Up

## Silverstein

I used to make the light shine for you  
Sun has left my sky  
Velvet walls surround my sorrows  
I've sacrificed my pride Giving up on me  
(Giving up on me)  
You're giving up on me  
(Giving up on me)  
Giving up on me  
(Giving up on me)  
You're giving up on me I've laid myself to sleep tonight  
I know you've played out everything in your mind  
And now you throw it all away  
A shattered memory that you would stay  
Through thick and thin with me You're giving up on  
Giving up on me  
(Giving up on me)  
You're giving up on me  
(Giving up on me)  
Giving up on me  
(Giving up on me)  
You're giving up on me I've laid myself to sleep tonight  
I know you've played out everything in your mind but I And now you throw it all away  
A shattered memory  
That you would stay  
Through thick and thin with me And when you feel the pain  
I'm wishing I could stay  
How can I say I love you back?  
You never made me happy You've laid yourself to sleep  
I never said this wouldn't hurt  
You gave up everything  
I never said I'd give it back I know you'll never change  
I won't be good enough for you  
I know you'll make it through  
I'll never be around to see And now you throw it all away  
A shattered memory  
That you would stay  
Through thick and thin with me You're giving up on me  
You're giving up on me  
You're giving up on me

You're giving up on me
