

# Thief In The Night

David Choi

Great is Your love and Your faithfulness  
It's Your faithfulness that carries me  
Many times I've run away  
Forsook Your love and all Your grace  
Still You call out my name  
Yeah, You still care that I be saved  
And so I'll sing the glories of Your name  
Your awesomeness I will proclaim  
Until You come, until You come and  
Take Your bride away  
Like a thief in the night  
Like a thief in the night  
You'll take us away  
And there is no one that can fill this void  
Like You fill this void in my heart  
My life is just a human one  
But You pick me up and call me son  
Speak, Lord, I'm listening  
Yes, Your child will serve faithfully, yeah  
And I'll sing the glories of Your name  
Your awesomeness I will proclaim  
Until You come, until You come and  
Take Your bride away  
Like a thief in the night  
Oh yeah, like a thief in the night  
You'll take us away  
Like a thief in the night  
Like a thief in the night  
Like a thief in the night  
No, like a thief in the night  
Oh, like a thief in the night  
Oh, like a thief in the night  
Oh, like a thief in the night  
Oh, like a thief in the night  
Like a thief in the night  
So I'll sing the glories of Your name  
Your awesomeness I will proclaim  
Until You come, until You come and  
Take Your bride away

Like a thief in the night  
Oh yeah, like a thief in the night  
You'll take us away
