

# I'm Leaving You

## Spain

Made up  
My mind  
Tonight I'm leaving youNo love  
To find  
Tonight I'm leaving youNothing to say  
Nothing left you can doTonight I'm leaving youDon't need  
Your lies  
Tonight, tonight I'm throughDon't want  
Goodbyes  
Tonight, tonight I'm throughYou can hold on  
You can, it's up to youTonight I'm leaving you  
Tonight I'm leaving you
