

Rejection

Blues Pills

You stood on a darkened
Edge of a dead end street
Stuck inside of a whirlwind
The same way you wished for me
Slave to your needs
Your claws are on my back
I don't know if I'm gonna last
From this pain
In my heart from your rejection
I got pain
In my heart like an injection
All out of glory
I'll never be the same
Behind my smile there's a twisted mind
If fills my heart with pain
I'm just looking for something
Something that's good and true
But it seems like I'm always waiting
You love can be so cruel
All my suspicions steering me away
That kind of poison driving me insane
Your love's the curse, got me feeling low
All I've ever known
Pain and rejection
In my heart like an injection
Pain and rejection
All I need is your affection
So I'm running
(I'm running)
I keep on running from your loving'
(I'm running)
I'm running from what I am becoming
(I'm running)
From what you are
(I'm running)(Running, running, running)
You stood on a darkened
Edge of a dead end street
Stuck inside of a whirlwind
The same way you wished for me
Locked to your needs
Pain and rejection
In my heart like an injection
Pain and rejection
All I need is your affection
All my suspicions steering me away
That kind of poison driving me insane
Your love's the curse, got me feeling low
All I've ever known
Got me feeling low

I gotta let you go
All I've ever know
