One Of These Days

Teddy Thompson

One of these days
When things get bad
I will take you by the hand
And I will kiss the pain away
And I will make it all OK
One of these daysOne of these nights
When you get scared
For sure I will be there
By your side in the dark
I will turn your fear to calm, yeah
One of these daysNo one's ever gonna hurt you, oh don't I wish that could be true
No one's ever gonna love you like I do, oohhh like I doThrough the years love will grow
And I'll be scared to let you go
Out of sight, in my mind you are there all the time
Yeah, one of these days
