

It's Not Deep Enough

Jewell

SPOKEN:

Hey you have money in your pocket 'cause your an engineer. I'm tryin' to get paid so quit playin' back there.

SUNG(HOOK):

Ooh I have a piece of pie

Pie's real sweet

Have a piece of meat

Meat so tough

I'm beggin' for more

It's not deep enough

(rpt 2x)(VERSE ONE)

Anything you want from me baby

You can have it

Tell me your dreams and fantasies

Give you crazy magic

Never have to go far

My love is right where you are

And when you look around

I'm there for you(HOOK)

Ooh I have a piece of pie

Pie's real sweet

Have a piece of meat

Meat so tough

I'm begging for more

****Because****

It's not deep enough

(rpt 2x)(VERSE TWO)

You'll soon discover

You aint gonna find another

to give it this good to you the way I do

I do, I do

Take care of your needs

A condom sack when your into me

Make me reach for the stars(VERSE THREE)

If you dont know

Which way to go

Then I will show

'Cause I'm not your average ho

No baby

So get right in it
Untill you reach the bottom
It's not deep enough baby
I want it deeper
Baby
I want you to dig way down deep
And get it Deeper
Deeper
I want it deeper
Baby Go deep
Way deep
Way deep(HOOK)
Ooh I have a piece of pie
Pie's real sweet
Have a piece of meat
Meat so tough
I'm begging for more
It's not deep enough
(rpt untill fade with harmonizing)
