

West to California

Come And Go

I catch myself I was dreaming of the West Coast
Surfers and stars, beaches and bars
Just looking for a reason to leave this place
Something's wrong when the bar's a familiar face
Gonna pack it up and leave this time

Moving West to California
Look and then I'm gone yeah
Leaving troubles far behind
Moving West to California,
Sing the blues away

Repeat Chorus

I've said it before but I'm really leaving this time
Everything reminds me of her eyes
Just looking for a reason to leave this place
Something's wrong when the bar's a familiar face
Gonna pack it up and leave this time

Moving West to California
Look and then I'm gone yeah
Leaving troubles far behind
Moving West to California,
Sing the blues away

Repeat

And I wanna see all those palm trees sway
Sunny days, ocean breeze can take all these memories away

Instrumental

Just looking for a reason to leave this place
Something's wrong when the bar's a familiar face
Gonna pack it up and leave this time

Moving West to California
Look and then I'm gone yeah
Leaving troubles far behind

Moving West to California,
Sing the blues away

Repeat

Yeah, yeah yeah! x4
