

# Bob Dylan

## Fall Out Boy

When they say, "You and what army?"  
I guess they're talking about you and me  
Baby, nobody will love you Nobody will love you like-like I do  
I guess that's half true Come down, come down  
Come down from your holy mountain  
I'm down, I'm down  
So put your shame on a billboard for a second  
Sometimes, sometimes  
The only way out is through 'Cause everyone loves Bob Dylan  
I just want you to love me like that, yeah  
Would you bury me next to Johnny Cash? I'm obsessed  
Do you love me like that? Yeah  
So what fates do we share?  
Windows down, wind in your hair  
Baby, no one ever thinks of you  
No one ever thinks of you as much as I do  
Not, not even you Come down, come down  
Come down from your holy mountain  
I'm down, I'm down  
So put your shame on a billboard for a second  
Sometimes, sometimes  
The only way out is through 'Cause everyone loves Bob Dylan  
I just want you to love me like that, yeah  
Would you bury me next to Johnny Cash?  
I'm obsessed  
Do you love me like that? Yeah  
Woah, oh, oh, oh, oh  
Woah, oh, oh, oh, oh  
'Cause everyone loves Bob Dylan  
I just want you to love me like that, yeah  
Would you bury me next to Johnny Cash?  
I'm obsessed  
Do you love me like that? Yeah
