Whos Coming Through the Window

Betchadupa

Tense is what I felt inside of my head on Monday
I had to prove my research, who's coming?
You know it doesn't make any sense
How I keep losing all my T-shirtsThe sun shines in other skies
The moon rise, I'm hypnotized
Who's coming through the window?Take a look around, take a look around
There's a lot to see
I got an eight foot man on the side of the road
Singing I can count to three!You know it happened once again last Thursday
And viva la resistanceThe sun shines in other skies
The moon rise, I'm hypnotized
Who's coming through the window?Take a look around, take a look around
There's a lot to see
I got an eight foot man on the side of the road
Singing I can count to threeLighten up, to enlighten upTake a look around, take a look around
There's a lot to see
I got an eight foot man on the side of the road
Singing I can count to three two, woah
