

# I Fell in Love With a Dead Boy

## Antony and the Johnsons

I find you  
With red tears in your eyes  
I ask you what is your name?  
You offer no reply  
Should I call a doctor?  
For I fear you might be dead  
But I just lay down beside you  
And held your head I fell in love with you  
Now you're my one and only  
All my life I've been so blue  
But in that moment you fulfilled me  
Now I tell all my friends  
I fell in love with a dead boy  
I tell my family  
I wish you could have met him  
I write letters to Australia  
I throw a bottle out to sea  
I whisper the secret in the ground  
No one's gonna take you away from me!  
I fell in love with a dead boy  
Oh such a beautiful boy  
I asked him are you a boy or a girl?
