When You're Alone

John Williams

When you're all alone
Far away from home
There's a gift the angel sent
When you're aloneEveryday must end
But the night's our friend
Angels always send a star
When you're aloneAt night when I'm alone
I lie awake and wonder
Which of them belongs to me
Which one I wonder?And any star I choose
Watches over me
So I know I'm not alone
When I'm here on my ownIsn't that a wonder?
When you're alone
You're not alone
Not really aloneThe stars are all my friends
Till the night time ends
So I know I'm not alone
When I'm here on my ownIsn't that a wonder?
When you're alone
You're not alone
Not really alone
