

Nobody Around

Gjan

Night out, city lights under my feet
Higher than the stars
Yeah, it's just you and me
Wild & proud
We'll dance till the last heartbeat sounds And we've been up & down from the sky to the ground
Ready for the fall without losing my crown
Wild & proud
We'll dance till the last heartbeat sounds
We're gonna shout it out loud
We'll dance till the last heartbeat sounds
You and me There is nobody around
Just me and you, just me and you
We're feeling good, we're feeling good
We're feeling like there is nobody around Nobody around
Just me and you, just me and you
We're feeling good, we're feeling good
We're feeling like there is nobody around My shame, my pain
I won't explain
Living in the fast lane
No need for brakes
Wild & proud
We'll dance till the last heartbeat sounds And I'm wrapped up in you
It looks like
We're glued, no chains,
No, let's end up on the news
Wild & proud
We'll dance till the last heartbeat sounds
We're gonna shout it out loud
We'll dance till the last heartbeat sounds There is nobody around
Just me and you, just me and you
We're feeling good, we're feeling good
We're feeling like there is nobody around Nobody around
Just me and you, just me and you
We're feeling good, we're feeling good
We're feeling like we are, (2x) Unreachable lovers
(2x) And that's who we are
(2x) Unreachable lovers
(2x) And that's who we are
You and me There is nobody around

Just me and you, just me and you
We're feeling good, we're feeling good
We're feeling like there is nobody around Nobody around
Just me and you, just me and you
We're feeling good, we're feeling good
We're feeling like there is nobody around
