

What I Did for Love (feat. Emeli Sandé©)

David Guetta

Talking loud, talking crazy
Lock me outside
Prayin' for the rain to come
Bone dry again
Guess it's true what they say
I'm always late
Say you need a little space
But I'm in your way

It hurts, that I remember every scar
And I've learned
But living is the hardest part

I can't believe what I did for love
I can't believe what I did for us
Passionately burning to flames
Stitch myself up, then I do it again
I can't believe what I did for love
What I did for love

What I did for love [x8]

I'm a fool for your games
But I always play
Can't admit it was a waste
Just too much at stake

It hurts, that I remember every scar
And I've learned
But living is the hardest part

I can't believe what I did for love
I can't believe what I did for us
Passionately burning to flames
Stitch myself up, then I do it again
I can't believe what I did for love
What I did for love

What I did for love [x6]

I can't believe what I did for love
