

# Secret Lady

[Stephanie Mills](#)

Feeling your presence and knowing youre there  
Im looking across the room, seeing your eyes meet mine  
A chill runs up my spine, its wonderful, yes, it is  
Hoping youll soon be mineThe stare I cant control  
When you smile, your face all aglow  
The way I feel for you is heavenly  
Let your feelings show, you warm my soull just cant go on being your secret lady  
Mystery baby, youre the one I want  
I just cant go on being your secret lady  
Mystery baby, youre the one I needI wanted to be with you  
Dont you know that no one else will do  
But how can we ignore our needs  
So Ill open up, Ill open my door if you run to meI just cant go on being your secret lady  
Mystery baby, youre the one I want  
I just cant go on being your secret lady  
Mystery baby, youre the one I needA chill runs up my spine  
And it drives me wild  
Dont tell nobody  
Dont want nobody to knowI just cant go on being your secret lady  
Mystery baby, youre the one I want  
I just cant go on being your secret lady  
Mystery baby, youre the one I needWhat you mean to me  
I adore you so  
You mean the world to me  
Cant ever let you goI just cant go on being your secret lady  
Mystery baby, youre the one I want  
I just cant go on being your secret lady  
Mystery baby, youre the one I needI just cant go on being your secret lady  
Mystery baby, youre the one I want  
I just cant go on being your secret lady  
Mystery baby, youre the one I needI just cant go on being your secret lady  
Mystery baby, youre the one I want  
I just cant go on being your secret lady  
Mystery baby, youre the one I need
