

# Mind If I Make Love to You

Frank Sinatra

In the Heaven stars are dancing  
And the mountain moon is new  
What a rare night for romancing  
Mind if I make love to you? Since the dear day of our meeting  
I've wanted to tell you all I long to do  
Dawn is nearing, time is fleeting  
Mind if I make love to you? If you let me, I'll endeavor  
To persuade you I'm your party for two  
And from then on, you will never mind  
If I make love to you?  
Mind if I make love to you?
