

Finally (feat. Joyriders)

CeCe Peniston

Finally finally yeah yeah owwFinally it has happened to me right in front of my face and
I just can not hide itMeeting Mr. Right, the man of my dreams

The one who shows me true love or at least it seems

With brown cocoa skin and curly black hair

It's just the way he looks at me that gentle loving stareFinally you've come along

The way I feel about you it just can't be wrong

If you only knew the way I feel about you

I just can't describe it, oh no noFinally it has happened to me right in front of my face
My feelings can't describe it

Finally it has happened to me right in front of my face and

I just can not hide itFinally it has happened to me right in front of my face
My feelings can't describe it

Finally it has happened to me right in front of my face and

I just can not hide itIt seems so many times you seemed to be the one

But all he ever wanted was to have a little fun

But now you've come along and brightened up my world

In my heart I feel it, I'm that special kinda girlFinally you've come along
The way I feel about you it just can't be wrong

If you only knew the way I feel about you

I just can't describe it, oh no noFinally it has happened to me right in front of my face
My feelings can't describe it

Finally it has happened to me right in front of my face and

I just can not hide itFinally it has happened to me right in front of my face
My feelings can't describe it

Finally it has happened to me right in front of my face and

I just can not hide itFinally, oh finally yeah yeah , oh finally finally yeah yeah owwFinally finally yeah yeah
oww

Finally finally yeah yeah oww

Finally finally yeah yeah oww

Finally finally yeah yeah oww, finallyFinally you've come along

The way I feel about you it just can't be wrong

If you only knew the way I feel about you

I just can't describe it, oh no noFinally it has happened to me right in front of my face
My feelings can't describe it

Finally it has happened to me right in front of my face and

I just can not hide itFinally it has happened to me right in front of my face
My feelings can't describe it
