

Endangered Species

U.K. Subs

What makes you breed like rabbits?

Is it just religious habit?

What makes you die like flies?

Have you ever stopped to reason why? Human life is cheaper now

It's time they killed that sacred cow

Taught to fear before the altar

Led like a lamb to the slaughter We are the endangered species

We can blow ourselves to pieces

We are the endangered species

We can blow ourselves to pieces

You bury your head in the sand

You never try to understand

Why so much greed and corruption

March with the armies of occupation?
