

Smoke in the Rain

Chad Brownlee

VERSE 1:

I'll grab my boots from under your bed
Be gone before you even know I left
I'll catch the door before it slams
But girl you probably don't even give a damn
I'll roll the truck out of the drive
Gotta get out of here while I'm still alive
You won't even miss my goodbye

CHORUS:

Hey now, hey now
Someday you're gonna wish that I was still here
Hey now, hey now
Gonna wonder how it all just disappeared
You're the one that put out the flame
Now I'm smoke in the rain

VERSE 2:

I'll be a thousand miles to the sun
before you even know what you've done
I gave my heart, and you took my soul
You're gonna wake up to what you let go
Cause I'm the best thing you've done wrong

CHORUS:

Hey now, hey now
Someday you're gonna wish that I was still here
Hey now, hey now
Gonna wonder how it all just disappeared
You're the one that put out the flame
Now I'm smoke in the rain

VERSE 3:

I'll strike a match to the memories
Burn down what's left of you and me
Leave you standing in the ashes of us

CHORUS:

Hey now, hey now
Someday you're gonna wish that I was still here

Hey now, hey now
Gonna wonder how it all just disappeared
Hey now, hey now
Someday you're gonna wish that I was still here
Hey now, hey now
Gonna wonder how it all just disappeared
Girl you've only got yourself to blame
You're the one that put out the flame
Now I'm smoke in the rain

Hey now, Hey now
Now I'm smoke in the rain
Hey now, Hey now
Now I'm smoke in the rain
Hey now, Hey now
Now I'm smoke in the rain
Hey now, Hey now

I'll grab my boots from under your bed
Be gone before you even know I left
