## The Mars Volta

When (?)  
How can I go wrong?  
There will be no before Adam  
If the apples have gone  
Gone, gone, gone

I need  
A brand new skin  
Incarnated debts  
Incarcerated when  
The deeds are left to purchase

If you could see  
Where I've been  
You touch the hand  
That's touching sin  
Entity  
In radians  
A massive blackened  
Sketch begins

(?)  
Blanket of clouds  
Taking everything I've got  
Please let me in  
In, in, in

I need  
A brand new skin  
Incarnated debts  
Incarcerated when  
The deeds are left to purchase

If you could see  
Where I've been  
You touch the hand  
That's touching sin  
Entity  
In radians

A massive blackened  
Sketch begins

Follow me tonight  
Follow me to (?)

If you could see  
Where I've been  
You touch the hand  
That's touching sin  
Entity  
In radians

A massive blackened  
Sketch begins

I seem to hide  
In metal plates  
Held together  
Along the way  
Hide with me  
Like entity  
Until we pass through fate

Can't spot  
Through the lens  
Will lead him to your sanctuary  
Intentional  
Accidents  
Will lead him to your sanctuary
