

Josephine

Billy Joel

Didn'cha know what I mean
When I said 'I love you Josephine'? Yeah
Josephine.

Nothing I say does justice to you
Or lights up the day the way that you do
Josephine. Like a beautiful queen
You deserve a crown
my Josephine. Yeah
Josephine.

Well

I pick up the phone and give you a call
You come around with your sneakers and all
Josephine. Well
sit right back. Suppose I went away. Ah
honey.

Would your love turn sour and moldy green?
When I take from you the light of yoodle-eh-hi-hoo
Would I make you sad
my Josephine? You arrived on the scene
You made me glad I'm alive
my Josephine. Yeah
Josephine.

Well

nothing I say does justice to you
Lights up the day the way that you do
Josephine.
