

Sad to Know (You're Leaving)

Gregory Isaacs

Oh yeah, after you made my day
Hurts to know you're going away
Seems like my life begin to ruin
Now that you're departing pretty soon
But what more can I say? Yeah Sad to know that you're leaving
Even though it's kinda grieving
Sad to know that you're leaving
But I know that you'll return real soon You can send me a postcard
Mail it home to Do St Yard [unverified]
You know what loneliness brings
But Jah will guide you out and coming in What more can I say?
Sad to know that you're leaving
Even though it's kinda grieving
Sad to know that you're leaving
But Jah will guide you out and coming in, oh yeah Oh yeah, after you made my day
Hurts to know you're going away
Seems like my life begin to ruin
Now that you're departing pretty soon
But what more can I say? Yeah Sad to know that you're leaving
Even though it's kinda grieving
Sad to know that you're leaving
But I know that you'll return real soon You can send me a postcard
Mail it home to Do St Yard [unverified]
You know what loneliness brings
But Jah will guide you out and coming in What more can I say?
Sad to know that you're leaving
Even though it's kinda grieving
Sad to know that you're leaving
But Jah will guide you out and coming in, oh yeah
