

# Showtime

Jon Langston

Got on my boots, got on my best cologne  
Girl, I can't wait to see what you got on  
Yeah, whatever it is, I now it's hot  
Baby, your smile gonna hit the spot  
As soon as my headlights shine on you  
This town ain't gonna know what to do

We're tearin' it up, burnin' it down  
Got a backstage pass to this whole town  
Every street, every bar  
We roll up like superstars

Ohhhhhhhh ooooooooo ooooooooo  
Girl, I can't wait to see you shine  
Ohhhhhhhh ooooooooo ooooooooo  
Turn the lights so bright  
Tonight it's showtime  
Tonight it's showtime

No, this ain't just another Friday night  
Anytime I gotchu by my side  
Gonna do it up big, do it up right  
Getchu dancin' in a hot spotlight  
We gonna make a little history  
'Cause tonight baby you and me

We're tearin' it up, burnin' it down  
Got a backstage pass to this whole town  
Every street, every bar  
We roll up like superstars

Ohhhhhhhh ooooooooo ooooooooo  
Girl, I can't wait to see you shine  
Ohhhhhhhh ooooooooo ooooooooo  
Turn the lights so bright  
Tonight it's showtime  
Baby, tonight it's showtime

We got the night in the palm of our hand

Baby get ready, let the party begin

We're tearin' it up, burnin' it down  
Got a backstage pass to this whole town  
Every street, every bar  
We roll up like superstars

Ohhhhhhhh ooooooooo ooooooooo  
Girl, I can't wait to see you shine  
Ohhhhhhhh ooooooooo ooooooooo  
Turn the lights so bright  
Tonight it's showtime  
Tonight it's showtime

Can't wait to see you shine tonight  
Whooooooooa ooooooooo  
Showtime  
Turn the lights so bright  
Tonight it's showtime
