Video Phone

BeyoncÃ©

Shawty, what your name is?

Them hustlers keep on talking
They like the way I'm walking
You're saying that you want me
So press record; I'll let you film me

[Chorus]
On your video phone
Make a cameo
Tape me on your video phone
I can handle you
Watch me on your video phone
On your video, video
If you want me, you can watch on your video phone

I love how you approach me
Fresh white with your pants hanging grown-man low
Everything you saying sounding good to me
No need to convince me anymore
Swag up, it's right; one blade, it's tight
And I smell your cologne in the air
Baby, you're doing something right
You just canceled every other man here
You say you like my bag and the color of my nails
You can see that I got it going on
I wanna make sure you remember me
So I'm-a leave my number on your video phone

I got no time for fronting
I know just what I'm wanting
If it's gonna be you and me
When I call, they better see me on your video screen

Them hustlers keep on talking
They like the way I'm walking
You're saying that you want me
So press record; I'll let you film me

[Chorus]

You a cutie
You should let me put you in my movies
Do a shoot into a star of your own hit song
We can shoot the video right here on my cell phone
I never seen a smile so pretty
I need to know I'll always have it with me
So take your picture on my video phone
You could pick your own song and you can be the only one
I know you like that
Turn you into a star--I got it like that
Baby, don't fight it
'Cause when I miss your call, I hit you right back
On my video phone

Them hustlers keep on talking
They like the way I'm walking
You're saying that you want me
So press record; I'll let you film me

[Chorus]

You know them Gs they be hollering, 'specially them hot ones
Brooklyn, Atlanta, Houston to New Orleans
When they see me, they be like, "yo, B, let me call you"
You breaking my focus; boy, you cute and you balling
You like it when I shake it
Shawty on a mission; what your name is?
What, you want me naked?
If you liking this position, you can tape it
On ya video phone

Hustlers keep on talking
You like the way it's popping
You're saying that you want me
Press record; baby, film me

[Chorus]
