# A Boy Like Me

## Immature

See a boy like me
Wants to get a girl like you
I wanna get you in the mood
In the moodWhen I first laid eyes on you
You put me in a trance
I never met no one so fly
I can't believe my eyesMy sweet baby, sweet baby
Come over here
And let me be your man, sweet thing
And I will treat you rightSee a boy like me
Wants to get a girl like you
I wanna get you in the mood
In the moodI realize that we just met
Not tryin' to go to fast
Not tryin' to go to slow
Now see you got the vibe I likeWanna make you my woman tonight
What am I supposed to do baby
'Cause I wanna get
With you sweet thingSee a boy like me
Wants to get a girl like you
I wanna get you in the mood
In the mood
