Don't Stay Low

The Good Mad

Verse 1:
Summer days
Wishing off distance that kept me away,
Don't stay low
Seeing, uphill
Get to the moving
Don't be still
Don't stay lowSummer nights
Some are the best of them, others not quite
Don't stay low
Follow closely
Hear what sits between your neck and your jeans
Don't stay lowChorus:
Oh, leave your mistake in the doorway
Give us a sign that you've seen what you've done
And look for the sun,
And lift up your head
Don't stay low, don't stay low
No, just pick yourself up and go onVerse 2:
If you take
This battle on there'll be blood in your wake,
Rattle on
Just to say
If you shot out the legs, would you shatter the table
We're on
You can't stay lowChorus:
Leave your mistake in the doorway
Give us a sign that you've seen what you've done
And look for the sun,
And lift up your head
Don't stay low, don't stay low
No, just pick yourself upOh, leave your mistake in the doorway
Give us a sign that you've seen what you've done
And look for the sun,
And lift up your head
Don't stay low, don't stay low
No, just pick yourself up and go on
