

Join The Rejects

Cockney Rejects

Here comes the new punk Do you remember 1977
Daddy of the gang said
that you'll go to heaven
every word a lie and none the truth
so here's a message for today's youth Join the Rejects and get yourself killed I wanna go back to where it all began
I wanna do a gig in my back garden
wanna have a laugh before the press get in
if you give 'em half a chance
they'll kill the fucking thing
