Heavy Heart Betrayed

Evidence One

How I wish from my life
To be reborn again
No more bleeding, this life
Is about to endCruisin' round a rainy night
Hard to keep the storm outside
I lie awake a stormy night
I'm not allowed to touch the lightFeel the rain is pouring
For only I can hide the truth[CHORUS:]
My Heavy Heart betrayed
No more lies at midnight
I'm just a victim of fate
Feel I'm losing this fight
Heavy - yeah, Heavy Heart BetrayedI am drowned in this dream
Within the shadows of my soul
Following a cold stream
Just about to loose controlCruisin' round a rainy night
Hard to keep the storm outsideI lie awake a stormy night
I'm not allowed to touch the lightFeel the rain is pouring
For I can t hide the truth[CHORUS]My Heavy Heart Betrayed
No more lies at midnight
I'm just a victim of fate
Feel I m losing this light
My Heavy Heart Betrayed
No more lies at midnight
I'm just a victim of fate
Feel I m losing this fight
Heavy - yeah, Heavy Heart Betrayed
