

# My Only Love

## Elis

I'm a lonely stranger  
In this world of painIn my darkest hour  
I'm alone  
Why did you leave meBut one day  
I will find you  
My heart and soul  
My only loveWandering through the fields  
Of disease  
Can you hear me callingSearching for a heart  
Which heals my woundsI'm not going to lose  
My faith in love  
Just because you left meBut one day  
I will find you  
My heart and soul  
My only love
