

# House of Cards (Full Length Edition)

## BTS

Insecure again, Dangerous again  
So bad (why) us, Yeah...  
Enduring More, Holding out  
So Hard (Hard), We can'tEven if you already knew  
We couldn't stop  
No way, No way, No way, Falling  
As Time passes by  
We only mess it up even more  
No way, No way, Its collapsing againA house made of cards, And us inside  
Even if you say you see the end  
Even if you say It'll collapse soon  
A house made of cards, And stupidly us  
Even if you say its a useless dream  
Just stay a little longer like thisLike there's no tomorrow  
Like there's no next time  
Everything that you've done in front of my eyes  
Its complete darkness  
Say it like you mean it  
In the end, We can't make it  
Even so I keep hoping  
Even at the end, If you're with me, I'm okayEven if you already knew  
We couldn't stop  
No way, No way, No way, Falling  
As Time passes by  
We only mess it up even more  
No way, No way, Its collapsing againA house made of cards, And us inside  
Even if you say you see the end  
Even if you say It'll collapse soon  
A house made of cards, And stupidly us  
Even if you say its a useless dream  
Just stay a little longer like thisSlow down the time  
Please stay for a little more ohPlease Baby. Calm down  
Just a Little MoreInsecure again, Dangerous again  
So bad (why) us  
Enduring More, Holding out  
So Hard  
It's collapsing againA house made of cards, And us inside  
Even if you say you see the end  
Even if you say It'll collapse soon

A house made of cards, And stupidly us  
Even if you say its a useless dream  
Just stay a little longer like thisOh
