

He Makes Me Say

[Syleena Johnson](#)

Being in love is a beautiful, beautiful thing, oh
And he makes me say I gotta guy who's got me feeling like a butterfly, oh
So beautiful and he loves me so
He's the kind that will never let me go And I wanna just clap, clap, clap my hands, y'all
I wanna dance in the rain
Tell the world about my real thing He makes me say
He's gotta smile that make me say
When he walks I'm feeling safe
All the lovin' makes me feel so good He's the kinda guy
Who sends you roses on, any day, oh
And he takes much pride in his southern style
A gentleman and I can take him home to momma And I wanna just clap, clap, clap my hands, y'all
I wanna dance in the rain
Tell the world about my real thing He makes me say
He's gotta smile that make me say
When he walks I'm feeling safe
All the lovin' makes me feel so good When you fall in love
Don't it make you wanna call someone and tell 'em?
Cause it's so good He makes me say
He's gotta smile that make me say
When he walks I'm feeling safe
All the lovin' makes me feel so good Clap, clap my hands, y'all
Clap, clap my hands, y'all
Clap, clap my hands, y'all
Clap, clap my hands, y'all
