

# Have You Ever Been In Love

Leo Sayer

In the morning light  
Half awake and half asleep  
Have you ever lay there thinking  
Was it all in a dream But you reach out and shes there  
Every moment everywhere  
Have you ever been in love Have you ever felt  
How far a heart can fall  
Have you ever stayed up waiting  
For a telephone call Just to hear her say hello  
Cos you miss each other so  
Have you ever been in love Have there been times to laugh  
And times you really wanna cry  
Finding reasons to believe her  
Cos shed die a little if she lied And when in times of doubt  
Have you ever tried to work it out  
But still she leaves you wondering  
What its all about When shes far away  
Did you ever felt the need to stray  
And tried and then discovered  
It just doesn't pay And with her you can be true  
For with her you can be you  
Have you ever been in love Have there been times to laugh  
And times you really wanna cry  
Finding reasons to believe her  
Cos shed die a little if she lied And when in times of doubt  
Have you ever tried to work it out  
But still she leaves you wondering  
What its all about And when in times of doubt  
Have you ever tried to work it out  
Ah, still she leaves you wondering  
What its all about And when the night comes down  
Can you call this house a home  
Do you dream youre still together  
And wake up alone Have you ever been in love  
The way that Im in love  
Have you ever been in love
