Damn You

Colin Lillie

A promise given to the damned sings out to a silent heart
As I step back in time to a kiss never forgotten from my lips
Share the pain in this mystery we call lust
While you all stand picking on my god with my wrists open sharing my blood

Damn you as you damn me
Who are you to save me?
Damn you as you damn me
Have your morals set you free?
...set you free

Now the fear breaks my old warrior heart
So I can understand how to be a man in love
To stretch my imagination for this world to believe
That I can rise again and bleed again and again

So damn you as you damn me
Who are you to save me?
Damn you as you damn me
Have your morals set you free?
...set you free

So take a noose around my neck
String me up and pass the hat around for the price of my heart
...for the price of my heart

Damn you as you damn me
Who are you to save me?
Damn you as you damn me
Have your morals set you free?
...set you free
...set you free
